RASMUS FELTZING

Electrical Engineer and Creative Problem Solver

rasmus@feltzing.se | +46 70 896 73 87 | Berghagsvägen 9B, 666 40 Skåpafors, Sweden
feltzing

EDUCATION

B.Sc. in Electrical Engineering

Chalmers University of Technology

Aug 2022 – Ongoing (Expected to graduate in Jun 2025)

Thesis title: Simplified Heat Simulation of PCB Circuitry

- Design and analysis of power electronics and electro-magnetic effects
- Programming in python and C
- Implementation of TCP/IP
- Project management

PROFESSIONAL EXPERIENCE

Consultant

CLUE by Sigma

Dec 2024 – Ongoing | Gothenburg

- Embedded Engineering in C++
- Data Analysis and Simulation of Dynamic Systems
- Aiding in prototyping and soldering

Summer job

SEM AB

Jun 2024 – Aug 2024 | Åmål

- Performing heat analysis and fine tuning componentvalues in power electronics

Study skills and planning mentor

Chalmers University of Technology

Feb 2024 – Jun 2025

- Helping students with neurodiversities plan their studies at Chalmers

Teaching assistant in the course control systems

Chalmers University of Technology

Mar 2024 – Jun 2024

- Assisting students with programming in PLC and C++ as well as electronics design.

Student Assistant

Anpassad Grundskola Lerum

May 2019 – June 2025 | Lerum, Västra Götaland

- Managing eye-controlled communication
- Teaching
- Nursing Care

MOST PROUD OF

My workshops
in soldering and programming

Successful repairs
of retro-gaming consoles, computers and cars

The most active year ever
of Lindholmens Makerspace

STRENGTHS

Seeking patterns | Sociable | Learner & Teacher | Generous

Analogue Electronics | Simulation | Programming | Mathematics

LANGUAGES

Swedish ●●●●●

English ●●●●◐

French ●●●○○

PROJECTS

Lindholmens Makerspace

Student driven lab

Apr 2023 – Apr 2025

- Treasurer for the organisation
- Head of electronics
