RASMUS FELTZING

Electrical Engineer and Creative Problem Solver

rasmus@feltzing.se | +46 70 896 73 87 | Berghagsvägen 9B, 666 40 Skåpafors, Sweden
https://www.muzzes.se | feltzing | LordMusse

EDUCATION

B.Sc. in Electrical Engineering
Chalmers University of Technology

Aug 2022 – Aug 2025

Thesis title: Simplified Heat Simulation of PCB Circuitry
- Design and analysis of power and electro-magnetic systems
- Programming in python and C
- Implementation of TCP/IP
- Project management

PROFESSIONAL EXPERIENCE

Electronics Engineer
Gebax Unimetron AB

Aug 2025 – Ongoing | Säffle
- Programming of soldering robots
- Application programming and automation
- 3D-modeling and CNC-machining

Consultant
CLUE by Sigma

Dec 2024 – Dec 2025 | Gothenburg
- Embedded Engineering in C++
- Data Analysis and Simulation of Dynamic Systems
- Prototyping and soldering of PCBs

Summer job
SEM AB

Jun 2024 – Aug 2024 | Åmål
- Performing heat analysis on and fine tuning power electronics
- Prototyping and soldering of PCB

Product Test Supervisor
SEM AB

Jul 2025 – Aug 2025 | Åmål
- Testing HV-applications
- Troubleshooting test equipment

Teaching assistant in the course "control systems"
Chalmers University of Technology

Mar 2024 – Jun 2024 | Gothenburg
- Assisting students with programming PLC and micro controllers as well as electronics design.

MOST PROUD OF

My workshops
in soldering and programming

Successful repairs
of retro-gaming consoles, computers and cars

The most active year ever
of Lindholmens Makerspace

STRENGTHS

Seeking patterns | Sociable | Learner & Teacher | Ambitious

Analogue Electronics | Programming | Mathematics | 3D-modeling

LANGUAGES

Swedish	●●●●●
English	●●●●◐
French	●●●○○

PROJECTS

Lindholmens Makerspace
Student driven lab

Apr 2023 – Apr 2025
- Treasurer for the organisation
- Head of electronics
